

HACKIN'CITY GENERAL GUIDELINES

Overview :

- There will be two rounds in Hackin'city -
 - Regionals (Preliminary Round)
 - Onsite (Final Round)
- The preliminary round will be held for the duration of 48 hours.
- The final round will be held for 24 hours onsite.

Eligibility requirements :

1. The team can consist of maximum three members.
2. Individual submissions are allowed.
3. Participants can be secondary school students, university undergraduates, graduate students, PhD students, or industry professionals.

The team has to prepare an official summary(maximum one page) of the project in accordance with the underlying guidelines.

Guidelines:

1. **Select** a topic for your project related to the given theme.
2. **Research:** Find the relevant data for the track you have chosen.

3. **Analyze** your data to identify a problem within your chosen project. Your problem identification must include the data to illustrate the scope and quantitative impact of the problem.

4. **Propose** a solution to your identified problem.

- Build a prototype in code demonstrating your proof of concept.
- Examples include building a web app, mobile app, or data visualization tool.

5. Teams are allowed for multiple submissions, but only the last submission before the deadline will be evaluated.

Entry Rules for Regionals (Preliminary Round) :

- No registration fees will be charged.
- Project requirements: Teams will submit the summary of the project in one page, adhering to the Submission Guidelines listed above.
- The project has to be submitted in the asked time period on given platform.
- The summary will include:
 - The steps taken to solve the problem and why the solution to the problem is beneficial to the community.
 - Teams may choose to include graphics when deemed fit, but all graphics must be of reasonable, readable size. All images used should reflect your original work.
- Along with the summary, below details should be included on the front page:

- Team name including name of all the members
- College Name
- Phone number
- Email address
- Registered ID on the Infotsav website
- The decision of the judges would be final and binding.

Entry Rules for Onsite (Final Round) :

1. A nominal fee of Rs 450 will be charged per team while registering for the Onsite round.
2. Maximum of seven teams will be selected from every region for the finals.
3. The final round will be held at ABV-IIITM.
4. Bring your own laptops, phones and tablets.
5. We provide access to internet and infrastructure support, while we shall not be liable for any network failure.
6. Any kind of plagiarism will lead to immediate disqualification.
7. By participating in this hackathon, you agree that the hackathon organizers shall not be liable for any disputes or damages related to hackathon, its attendees, intellectual property, and related projects.

Winner selection/ Judging criteria :

1. Quality of the design
2. Idea novelty and related innovation

3. Quality of the technical implementation
4. Quality of the presentation to the jury (in onsite round).
5. Utility of application.

Perks for Regional Qualifiers/On-site Teams* :

Participation certificate will be rewarded to all the participants.
